

Tection DD Monograde 40

Protection for Detroit Diesel 2 stroke engines

Description

Castrol Tection DD Monograde 40 is a high performance diesel engine oil, specially formulated for use in Detroit Diesel 2-Stroke engines, operating with diesel fuels up to 0.5% maximum sulphur.

Advantages

Castrol Tection DD Monograde 40 has a special low ash formulation developed to provide complete protection for Detroit Diesel 2-stroke diesel engines.

User benefits include:

- Protection against deposit formation. 2-stroke engines are very sensitive to deposits which can form on the exhaust valves, leading to burnt valves, a loss in engine power and if unchecked, to complete engine failure. Castrol Tection DD Monograde 40 has a special low ash-forming formulation to minimise deposit build-up, this ensures efficient engine operation and longer engine life.
- Protection against wear. Castrol Tection DD Monograde 40 contains advanced anti-wear additives to protect against premature engine failure from wear, so reducing maintenance costs.
- Suitable for Detroit Diesel Series 149 engines.

Typical Characteristics

Name	Method	Units	Tection DD 40
Density @ 15C, Relative	ASTM D4052	g/ml	0.894
Viscosity, Kinematic 100C	ASTM D445	mm ² /s	15.5
Flash Point, COC	ASTM D92	°C	240
Viscosity, Kinematic 40C	ASTM D445	mm ² /s	160
Viscosity Index	ASTM D2270	None	98
Ash, Sulphated	ASTM D874	% wt	0.8
Total Base Number, TBN	ASTM D2896	mg KOH/g	7.0
Pour Point	ASTM D97	°C	-27
